

# Find Something Blue

Very nice color finding game. You can play outside and inside too.

Start playing:

Find something **blue**, find something **green**, **pink**, **yellow**, **red**, **purple**, black.

Help naming the objects children point to.

Yes, the **blue** sky, the **green** leaves,...

What color is this ....?

What do you think?

I do not know...it looks like...to me.

## VARIATION

I see something **orange**. What is it?

Let child guess what do you see.

Enjoy the game 😊
